

Season's greetings from NCIA

If you've caught a bout of new philanthropy, consider giving one of our special gifts to a loved one...

Send a scapegoat

For a small donation (plus VAT, overheads, admin and management charges) you can send one of our highly trained scapegoats who will take the blame! Choose from benefit claimants, immigrants, Lib Dems, union members, women, homeless people, drug addicts, local authority officers, GPs and leading economists. One beneficiary said: "When I saw how well my friends were doing with their scapegoats, I got the confidence to keep my mouth shut for the really important issues, and now I have scapegoats too."

Buy a seat at the table

£125.00 + VAT

Make sure your friends and family are sitting comfortably when they hear all the stories about lovely localism and cutting-edge efficiency. Please note: seats for community groups have a restricted view.

Give a wonder word

2p + service charges

This gift in action: Bigcheef Executif lives in a remote village in England. He used to depend on thinking for himself. But now, a gift of just two wonder words has lifted him permanently out of self-determination. He says: "The words SOCIETY and QUITELARGEREALLY will increase my income and help me build assets for the future - this will bring a lifetime of change for us." Wonder words are brought to you in partnership with The Moral Highground™.

Nothing there you fancy? Ah well, never mind. Keep on keeping on.

Happy new year!
